S I R:

The following applications are related to the above-identified present application:

Serial No. 11/814,903, filed July 26, 2007; and
Serial No. 12/087,644, filed July 11, 2008 (Published as 2009/0003984).

Attached is an IDS Form listing the particulars of each of the related applications by
Serial Number or Publication Number.

Also listed on the attached IDS Form are the particulars of a reference (JP 06-010287)
cited in the related applications and which was not yet cited in the present application.

The USPTO fee of \$180.00 as set forth under 37 CFR 1.17(p) for filing an IDS at this
stage of prosecution (after issuance of a first Office Action) is being paid by credit card. If any
further fees are required, authorization is given to charge same against Account No. 06-1378.

In the IDS filed October 13, 2008 (which was already considered by the Examiner), the
Publication date and the Kind Code of JP 43-1693 were incorrectly listed. In the attached IDS
Form, we are again listing JP 43-1693 with the correct Publication Date (01-22-1968) and Kind

Code (B). It is requested that the Examiner strike out the previous listing of JP 43-1693 on the IDS Form filed October 13, 2008. It is also requested that the Examiner initial the attached IDS Form to indicate that the correct data for JP 43-1693 (Publication Date and Kind Code) will be listed on a future patent which issues based on the present application.

NOT A RESPONSE TO OFFICE ACTION

This paper is not a response to the outstanding Office Action mailed October 27, 2007. A response to said outstanding Office Action will be timely filed in due course.

It is respectfully requested that the Examiner return an initialed copy of the attached IDS Form to confirm that the documents listed therein have all been considered and made of record.

Respectfully submitted,

/Leonard Holtz/
